Steven Bloch, M.D.

Dr. Steven Bloch is a nationally recognized plastic surgeon with an international patient base. He is a pioneer in the use of advanced, state-of-the-art medical technologies.

A board-certified surgeon by the American Board of Plastic Surgery, Dr. Bloch has been in practice in Highland Park since 1978. He quickly rose to prominence and has been featured on *The Oprah Winfrey Show*, Discovery Channel, CBS, NBC, WGN, and Fox News to name a few.

Dr. Bloch combines an artistic sense with a technical scientific background to create a natural and refined look for his patients. He believes that each of us has an inner sense of how we should look and the art of plastic surgery is to listen to each patient's desires and needs. After consulting with the patients, he then transforms these dreams into reality.

Dr. Bloch does not believe that his role ends with surgery. He has been an innovative leader in noninvasive treatments to enhance the results of surgery, delay or reverse the aging process, or as

an alternative to surgery itself. Dr. Bloch supervises these treatments under Skin Deep Medical Spa, which now has two locations, Highland Park and Glenview.
